Tejumola Bolu

Hello, I am Bolu an aspiring Full-Stack Developer who enjoys learning and building Web products. Aside development, I enjoy playing videos games and watching movies.

EXPERIENCE

Zuri Training

September 2022 - Present

I am presently enrolled in an internship progam at Zuri training. Starting my journey into the backend track I am learing Nodejs and have built multiple projects using the language.

Altschool Africa

April 2022 - Present

I am currently in a diploma program for frontend development at altschool africa. I have learnt and understood the concepts of Html, Css, Javascript, React and presently building projects to master what i have learnt.

Altschool Africa

December 2, 2019 — January 23, 2020

I participated and completed 3 tasks as part of Google Code-in 2019 with the knowledge of basic html, css and javascript.
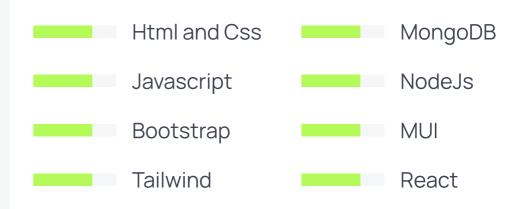

Google Code-in

November 28, 2017 — January 17, 2018

I participated and completed 9 tasks as part of Google Code-in 2017 with the knowledge of basic html and css.
